Apply with felt cork and Roto Fleece. Brush out with T01900 Fine Red Nylon Brush.</p> <p data-bbox="823 646 1133 674">Structure: T0410-100V.</p>

**NOTES: Manage skis for debris on course and old snow. High of 60F. Structure will be important as temps rise rapidly. Previous testing from the Birkie had great results in similar conditions. There is nothing that runs above 10 series of wax, it is excellent in extremely warm and wet conditions.**
